<b>7.</b>	<b>REPORT FROM FINANCE COMMITTEE</b>  <b>Governors agreed to the recommendation from Finance Committee to adopt the budget for 2025-2026 as presented by NH, noting that it was a prudent, balanced budget with a carry forward in line with Camden's recommendations,</b>  Governors noted that the main risk was that there might be a higher bill for agency cover than budgeted for.  The budget included allocated funds that would cover the risk that the Government might not fund the costs of staff pay rises in 2025/06 (including pension and NI contributions) above 3%. The budget was based on a probable 3% for no- teaching staff and 5% for teaching staff.  It also included funding to cover additional free school meal costs not covered by the mayor in 2024/5.  Governors recognised that these two risks were also opportunities – if the Government did fund pay rises in full and if the mayor did provide additional funds for free school meals, then the school's carry over would rise and some could be used elsewhere.  AS as staff governor had no additional comments.
